

 HOTEL LINK SOLUTIONS

Channel Manager

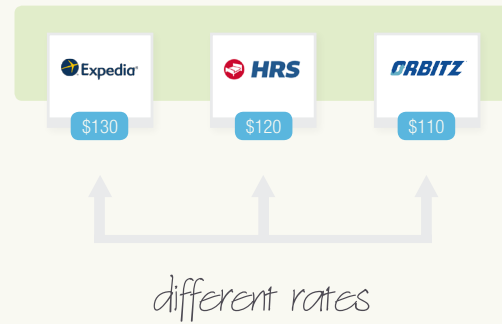

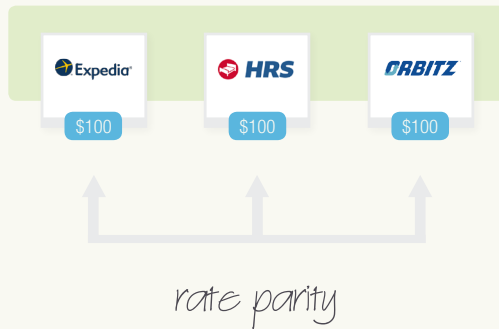

Ready and Easy to Connect

With a seamless connection, accommodations are distributed via OTAs and the GDS.

Our Channel Manager is one of the most advanced two-way XML services on the market and connects to over 90 online channels.

Rate Parity is Easy to Achieve

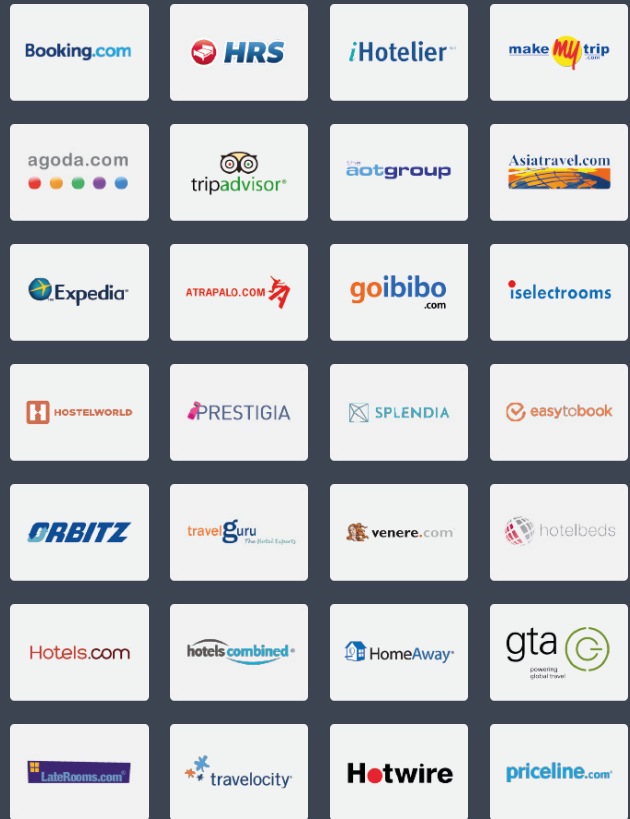

Hotel Link Solutions makes it extremely easy for you to obtain rate parity—consistent rates for all your online distribution channels. It is also possible to adjust your rates for individual OTAs, enabling you to work with different rates for different OTAs.

Connections with Global and Regional OTAs

Hotel Link Solutions connects your property to the world's leading booking sites, providing a reliable and secure way to manage your property's online distribution.

We are always expanding our online network by connecting our system to more and more channels, both global and regional.

... and more.
